

PLASTIC CONTROL VALVES

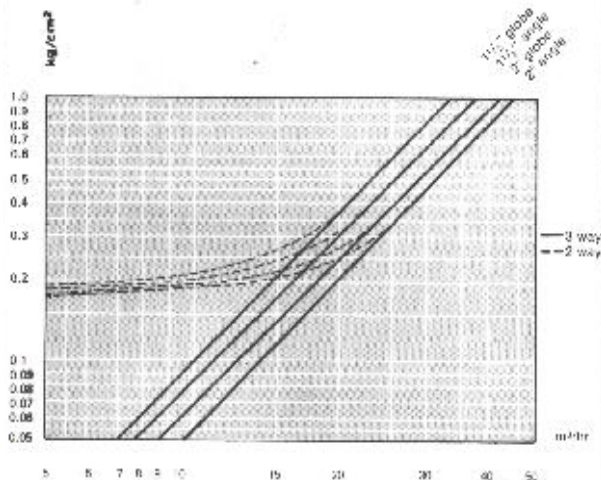

model
D 100HS

model
D151HS

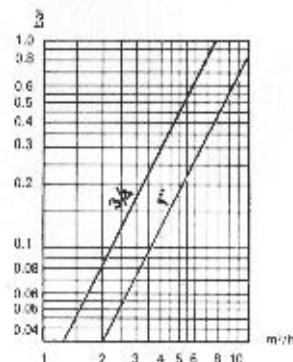

model
D200HS (3-way)

model	execution
D075HS	3/4" globe
D100HS	1" globe

Working pressure: min. 0,2 bar
max. 8 bar

D150HS	1 1/2" globe
D151HS	1 1/2" angle
D200HS	2" globe
D201HS	2" angle

Working pressure: min. 0,7 bar
max. 10 bar

Drip-irrigation: 2-way electric control
Soiled water : 3-way electric control

- applicable in all irrigation systems
- plastic control valves with electric remote control 24 v AC/DC
- resistant to fertilizer solutions
- standard with manual solenoid override and flow control handle
- high flow rate
